SHARP
SF-755

**INTRODUCES SHARP'S
SMALLEST COPIER EVER**

Sharp is the leader when it comes to small copiers. They sold more small copiers last year than anyone, according to a leading industry survey.

Now Sharp is introducing its smallest, most productive copier ever, the SF-755. Unlike some other small copiers, nothing was sacrificed to make this copier small. It has the features, capability and copy quality of large copiers many times its size and many times its cost.

- Requires less desk space than most typewriters and weighs under 62 lbs.
- 3"x5" to 10"x14" copying capability
- First class copy quality on almost any paper
- Clamshell design
- 33% Power saver feature
- Advanced self-diagnostics with test programs
- 1-99 copy counter
- Precision robot assembly for highest quality and reliability
- 250-sheet paper capacity

When it comes to small copiers, Sharp is the leader. Compare the SF-755 to ANY other small copier and you'll know why.

*Before you buy a computer system
from Systems Concepts,
consider the alternatives.*

*You'd have to shop
around for software...*

Software and hardware should work hand-in-hand. That's why you should consider the software capabilities you want at the same time you buy your computer system. But you can spend hours reading computer magazines and visiting computer stores to find the right combination for your business.

There is an easier way—Systems Concepts. We specialize in the integration of hardware and software products for business. We have software packages for private systems and for whatever else you want processed. And all our graphics, data management and communications software give you big capability at a minimum price.

*Learn how to run
the system...*

Most computer stores leave training to you. That means you have to learn how to run your computer, then pass on your know-how to your employees. It's a tedious process that eats up time and money.

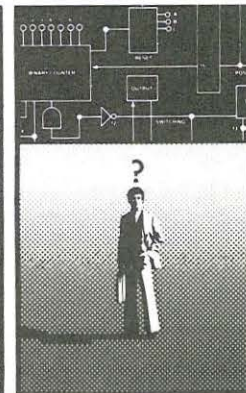

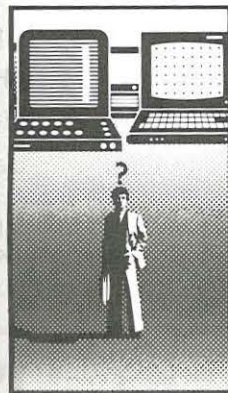

At Systems Concepts, we offer hands-on training courses which you and your employees can take on-site or at our service center. In no time, your employees will be working like computer experts. So they can get on the job right away, making money for you.

*Find hardware
that works...*

There are virtually hundreds of computers on the market today—powerful minicomputers, personal computers, video game computers—you name it, you can find it. But when you're investing in a computer for your business, you can't afford to make a mistake.

That's Systems Concepts. We work with you to create the best computer network system for your business—the right combination of hardware to fit your needs and your budget. Now and as your business grows. Plus our systems provide a network that gives multiple users access to common information files quickly and easily. Our networks not only work, but also benefit your net.

*And maintain it
yourself.*

Ever tried to read a computer service manual? The first page alone is enough to make you send up the white flag.

So why bother?

Buy a computer system from Systems Concepts and you can forget about maintenance. We make sure your computer is always up and running—making all the necessary modifications to assure the system works the way you want it to.

We offer a variety of service agreements that cover maintenance for the full-life of your system. If you have a problem, just give us a call. We guarantee as little as 4 hours of response time to emergency service calls.

Now that you've considered the alternatives, why not call Systems Concepts today? Whether your business is insurance, real estate, law, accounting, medicine or manufacturing, we're the only one-stop source for all your computer needs.

Give us a call at 844-5400 now. Because where computer systems are concerned, we make the network.

**In unstable times,
 stability is an
 important asset.**

**And in banking,
 stability means
 financial responsibility.**

At American Fletcher National Bank, we know just how important financial responsibility is. Because in unpredictable times it helps if you have someone you can rely on. A trustworthy partner who can be confident in the future, because he clearly sees the present.

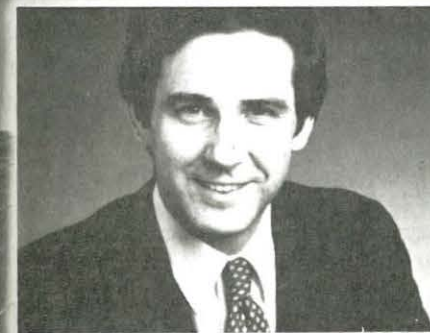

We think it's our attitudes about banking stability that have kept us so effective, in good times and bad. So that we can continue to offer

effective advice. And help to provide needed clarity if your position should become unclear.

It's the kind of attitude you can expect from a professional, experienced banker. And the kind of attitude that can help make your part of the American dream a little bigger.

HISTORY OF THE ARCHDIOCESE

General History

The Diocese of Vincennes—now the Archdiocese of Indianapolis—was established by Pope Gregory XVI on May 6, 1834. The territory then comprised the entire State of Indiana and the eastern part of Illinois. The latter was separated from the Diocese of Vincennes upon the erection of the Diocese of Chicago, November 28, 1843.

By decree of Pope Pius IX, January 8, 1857, the northern half of the State was erected into the Diocese of Fort Wayne, the boundaries being that part of the State north of the south lines of Fountain, Montgomery, Boone, Hamilton, Madison, Delaware, Randolph and Warren Counties. The remaining southern half of the State made up the Diocese of Vincennes, embracing fifty counties. It covered an area of 18,479 square miles extending from the north line of Marion and contiguous counties to the Ohio River, and from Illinois on the west to Ohio on the east.

The second bishop of Vincennes was permitted by Apostolic Brief to establish his residence at Vincennes, Madison, Lafayette or Indianapolis; Vincennes was, however, to remain the See City. This permission, with the subtraction of Lafayette, was renewed to the fourth bishop.

Upon his appointment, the fifth bishop was directed to fix his residence at Indianapolis, although the site of the Cathedral and title of the See were continued at Vincennes. By Apostolic Brief dated March 23, 1898, the title of the diocese was changed to that of "Diocese of Indianapolis," with the episcopal See in the city of Indianapolis. By the same Brief, the Patron of the diocese was to remain St. Francis Xavier, the title of the Old Cathedral at Vincennes.

The Apostolic Decree of His Holiness, Pope Pius XII, creating the Archdiocese of Indianapolis, was issued October 21, 1944. On December 13, 1944, by Executorial Decree of the Papal Delegate, Most Reverend Emilio Giovanni Cicognani, Apostolic Delegate to the United States, the Apostolic Decree of Pope Pius XII was solemnly proclaimed in Saints Peter and Paul Cathedral, elevating Indianapolis to the status of an Ar-

chdiocese, the State of Indiana becoming the Metropolitan Archdiocese of Indianapolis. The Dioceses of Evansville and Lafayette in Indiana were created by the same decree and, along with the Diocese of Fort Wayne, made Suffragan of Indianapolis. Upon establishment of the Diocese of Gary on February 25, 1957, it too became a Suffragan See.
