

PRAYER TO ST. JUAN DIEGO

O St. Juan Diego, in the appearances of Our Lady of Guadalupe, you, a humble peasant, were chosen as Her messenger. Your faithfulness in this task is evident still today, in the miraculous image the Virgin left upon your tilma. Intercede for us, we pray, that we might have your childlike trust in the Mother of God, and that our hearts might respond to her maternal promptings. May we always have the hope that following Her guidance, will enable us to participate fully in the establishment of Her Son's Kingdom, beginning in the America's and spreading to the entire world. Through such simple confidence, obedience, and love, may we join you one day in sharing everlasting joy, where our heavenly Mother reigns in the glory of Her Son. Amen
